

We are looking for an intern (m/f/d) for our marketing team to support us in creating content related to compliance topics. We are happy to accompany you and look forward to your motivation and ideas!

Your Tasks

- Manage social media activities, including editorial planning and content management
- Develop and implement comprehensive strategies to increase brand awareness and business growth
- Design and develop the new company website, including coordination with internal and external teams
- Assist in maintaining and optimizing SEO strategies

Your Profile

- You are studying in the field of law, environmental science, business administration, marketing, or another related discipline
- You have ideally already practical experience in content creation or online marketing
- You are communicative and creative
- You have very good German language skills, both written and spoken

We Offer

- Diverse employment opportunities and exciting development prospects in a growing company
- The possibility of a permanent position after the internship
- Pleasant working atmosphere in an open corporate culture
- Provision of all necessary electronic devices in the most modern way
- Regular company events and entertainment
- Fitness card allowance valid throughout Germany

About us

We are an international consulting and service company in the field of environmental and sustainability regulations. In our core areas of ElektroG, BattG, and VerpackG, we provide compliance solutions to more than 7,000 customers for their products in Germany and Europe, and offer top-class support to manufacturers worldwide.

As a professional EPR compliance service provider, our customers are companies with international business relationships. Our large customer base and long-standing partnerships have made us one of the leading service providers in Germany.

Our mission is to support our customers with any work in the EPR area and to provide customized, cost-effective solutions.

Our Vision: To be the most trusted and outstanding partner for our clients, to continuously evolve in the field of Extended Producer Responsibility (EPR), to actively know and understand the laws and new regulations in different countries and to provide our clients with immediate, comprehensive and professional compliance services.

If you have ideas, commitment and expertise, then secure your professional future with ECOPV-EU GmbH. We offer you the dynamism of a start-up, a wealth of opportunities and individual work with generous bonuses based on your performance and that of your team. You are our potential and our future, and we want to create a working environment in which you can work flexibly, creatively and meaningfully.

Would you like to take on responsibility and shape the future together with us?

We look forward to receiving your detailed application documents. Apply now and find out more: info@ecopv-eu.com. At ECOPV-EU GmbH, you can realize your potential as part of a team and work with us towards a sustainable future.
